

WEBSITES: CREATING YOUR OWN WEEBLY WEBSITE

Step Number One:

go to www.weebly.com

Follow the instructions to set up a “free” account.

Write Your Information here:

User name (“full name”):

Email:

Password

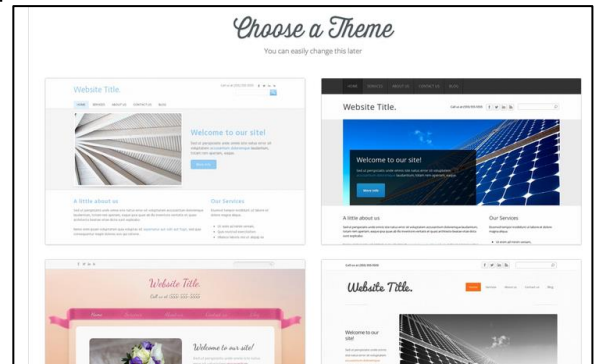

Domain:

(you will choose this later)

Step Number Two:

Build your site and pick a theme.

At this point, pick any theme. You will come back to this and change it later. Once you have a theme ...

Step Number Three:

...you will be asked to give your site a title. The title appears at the top of your pages. If you don't have a title in mind yet, just think of a temporary title; much like the theme, the title can be easily changed later on.

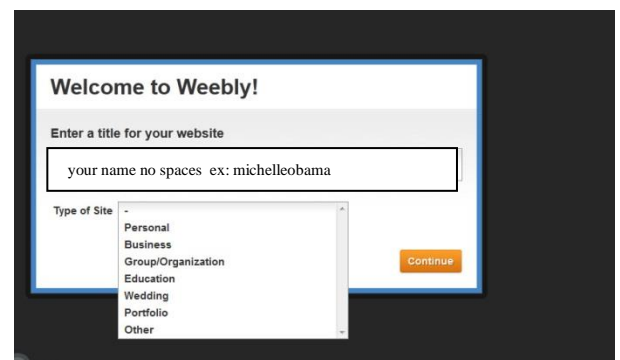

Step Number Four:

Next you'll choose your site's address (also called a domain). Your website domain will follow this format: Your Full Name No Spaces

Example: for Michelle Obama the domain name is “michelleobama.weebly.com”

Select “education” as the type of site.

Step Number Five

Begin building and designing your site. The quickest way to get started is to watch the tutorial:
